

**Financial support 2022-2023 for
noise reduction retrofitting of
wagons running in Belgium**

Eligible activities:

Only wagons that have been retrofitted ² after 1st November 2019 are eligible for funding.

**Funding rates are calculated
as follow:**

Max 0,040 € / axle km in Belgium
or yearly budget / total amount of
axle km in a year (pro rata
available budget in case of
budget overrun)

Rem : mileage is calculated by
the Infra Manager

Deadlines:

To get financial support in
2022¹, the wagon registration
should be done before the
16th of August 2022.

For 2023, registration
deadline is on the 31st of
December 2022

(See technical form.)

railnoise@mobilit.fgov.be

[Website and forms](#)

Main Condition:

Wagons must be
registered at the
administration by one
applicant only.

(see admin. form
attached)

Who can apply:

Wagon keepers who paid for
the retrofitting of their
wagons or railway companies
which handle hauling. It
applies if they have the
agreement of the wagon
keeper who paid the
retrofitting costs.

Maximum amount:

The maximum amount should not
exceed 437 € for a type S wagon
and 1.052 € for a SS type wagon.

The total amount cannot exceed
the limit of 50% of the retrofitting
costs.

The amount received through the
CEF mechanism is not considered
in this limit.

¹ Based on the kilometres travelled by the wagon in 2021 or in 2022 to get financial support in 2023

² Retrofitting is defined in the Article 7.2.2.1 or Appendix E of the annex to Commission Regulation (EU) n° 1304/2014 of 26 November 2014
